

THE CHAMBER
CENTER FOR CIVIC ENGAGEMENT

Where Business Leadership Meets Civic Leadership.

The Fargo Moorhead West Fargo Chamber of Commerce is proud to launch the Center for Civic Engagement (CCE)—a first-of-its-kind regional initiative to inspire, empower, and equip business-minded leaders for public service.

We invite you to sign the CCE Founding Member Pledge. With your signature, your company publicly commits to fostering civic participation—giving employees the time, tools, and encouragement to serve. Founding Members earn a proud “Founding Member, Center for Civic Engagement” designation, featured recognition through the Chamber, and use of a badge that signals your leadership on an initiative shaping the next generation of civic leaders.

As a Founding Member, your commitment is practical and doable: identify an internal liaison, implement simple civic-leave and flexible-time practices, host a nonpartisan lunch-and-learn, share voter-education resources, and encourage employees to consider boards, commissions, or candidacy. In a moment when fewer people are voting, running, or stepping into civic leadership, this pledge is how business leads—so our communities continue to prioritize growth, jobs, and broad opportunity.

Your leadership matters.

Strong and vibrant communities depend on informed and engaged citizens

Name / Title: _____

Company: _____
